p.7.2.3 – introduction of requirements which enable suppliers to deliver to WSK „PZL – Rzeszów” S.A. parts for which there are open quality notification (ZNs)

p.7.4.1 – more precise instruction for the event of change of a sub supplier by a supplier for WSK „PZL – Rzeszów” S.A.

p.7.5.3 – precise requirements for placing serial numbers (FNs) on certificate of conformance

p.7.6 – introduction of requirements for check of light intensity in quality control stations

p.8.2.4.2 – introduction of Notice 3, 4 and 5 concerning FAIR documentation,

p.8.3 – more precise instructions for identification of deviation parts and disposition for scraping material which is property of WSK „PZL – Rzeszów” S.A.,

Quality Bulletin

Published by Supplier Quality Assurance Department

p.8.3 – introduction of Notice 2 concerning requirement for notifying about escapes in case if the supplier manufactures products for both WSK „PZL – Rzeszów” S.A. and Pratt & Whitney Canada.

p.8.3 – change in Policy of charging suppliers for quality notification and escapes.

Attention:

Dear Suppliers, newly introduced changes are effects of constant process of improvement of WSK's quality system which is caused by:

- Your (supplier's) remarks,
- detected deviations and escapes connected with manufacturing or quality documentation,
- non-conformances / notifications detected during audits,
- standardization of quality system
- improvement of communication.
