

## Quality Cardinal Rules – Stamp Warranty

Dear Suppliers, WSK Quality Policy and our customers commit us to deliver dependable products and assures that safety is the most important. The same rules apply also to You.

One of the Quality Cardinal Rules is **Stamp Warranty**.

Stamp is equivalent to a signature, it identifies person who had performed the work. Every stamp owner should be aware of the responsibility.

Examples of nonconformances:

- Assigned stamps easy accessible, uncontrolled, may be used unauthorized
- Accepting, stamping, or signing work of another person e.g. when responsible person is absent

### Please notice!!!

- Sign, stamp, or accept only work which You have completed accurately and in accordance with the correct data, parts, tools, processes, and procedures.
- Stamp, signature, or electronic entry (warranty) is a personal guarantee of the quality and accuracy of work that You performed or witnessed.
- Always control assigned stamps and system passwords to preclude unauthorized use.
