

**Dear Suppliers,**

We are pleased to inform you that on 31/05/2018 a new revision of the CPW 920 „G” Identification Format standard has been issued within new RSI 135.

One of the changes concerns note from paragraph 5.4:

This marking must be located on the item as a suffix to the item number separated by a distance no less than one (1) space, no more than 0.500 inch (12.7 mm) (uos).

When the drawing or the part are at no change, the "-" shown on drawing; this "-" must not be marked on part.

This means that from May 31 2018, the revision letter must be marked on the MD parts. MD parts are treated the same as 3M.

Also if is “-“ on the drawing, “-“ must not be marked on parts.

Supplier shall review and implement all applying changes within 60 days from the new revision date, agree with ASQR-1.

Suppliers are expected to review the document in its entirety and incorporate it into their systems and processes.
