

**Dear Suppliers,**

Pratt & Whitney Rzeszów S.A. is pleased to inform you about requirement of Instruction 150 paragraph 7.5.5. note:

*Packing methods consider the kind of transport to Customer to avoid damage during transfer and guarantee at least 6 month validity time in P&WRz storage starting from delivery date. Preservatives type used (if applicable) should be included at CofC in preservation data area(19)*

From the above note, it appears that the supplier is responsible for the product in all production stages.

Please be aware that this is supplier responsibility to ensure minimum 6 months of product preservation in the P&W Rzeszów's warehouse from the date of delivery.

For P&W Rzeszów, the preservation is an important requirement from the perspective of part's storage.

Instruction 150 is available at:
