

Quality Bulletin

Published by Supplier Quality Assurance Department

Dear Suppliers,

Please notice that the Instruction no. 150 "Requirements for Suppliers of WSK "PZL- Rzeszow" S.A." was revised. New revision – G – was published on 5th of August 2013.

Main changes implemented in new revision:

§ 7.4.1 – obligates to obtain acceptance on SRFI form when supplier intends transfer the production from one localization to another within the same company

§ 7.4.3 – cancelled requirement of providing samples of raw material whenever Heat Code is changed

§ 7.5.3 – obligates supplier to keep full traceability of raw material (castings, forgings) FN numbers (connection between raw material FN and finished part FN)

§ 8.2.2 – obligates supplier to perform ESA process audits once per quarter and to inform WSK „PZL Rzeszow” S.A. if there will be an audit finding that can affect products sent to WSK.

§ 8.2.4.2 – added hints how to prepare FAI Report

§ 8.3 – added *Notification* as new class of minor Escapes. Also § 2 contains new definition of *Notification*

§ 9 – new paragraph refers to Export Control regulations. Also § 2 contains new terms and definitions regarding Export Control.

Dear Suppliers:

Please notice that implemented changes are a part of continuous improvement of our Quality Management System and intend to meet requirements of our customers. Please adjust to the changes with the simultaneous awareness of all people involved in the production of products for WSK PZL - Rzeszów S.A.
