QUALITY BULLETIN

Published by Pratt & Whitney Company in Poland

Dear Suppliers,

Due to issue found by our Quality Department at PWR, related to use of not released documentation for PWC end use, we would like to inform you that if information about the release DP Lifecycle status is marked in right top corner above the drawing frame (see example below) **the only right documentation is the documentation with “RELEASED” status.**

						DP Lifecycle :Released
MD3080064		SH	1	-		
REVISIONS						
DOCUMENT NUMBER	ZONE	REV LTR	DESCRIPTION	DATE	APPROVED	
F						

In a case of need to use not released documentation for quotation and production purpose, this fact must be clearly stated in corresponding purchase order. Other statuses such as “Preliminary”, “Review” or “Approved” requires confirmation in purchase order texts.

Please flow down this information to whom it may concern and are involved in PWC end use documentation usage.

Please verify all documentation used in production for PWP PO's for PWC end use till September 30th 2021 and in case of any noncompliance to above rule please contact your buyer who placed PO.

We appreciate your assistance.

In a case of any questions please send your reply to received Bulletin email address.
