QUALITY BULLETIN

Published by Pratt & Whitney Company in Poland

Dear Suppliers,

This Quality Bulletin is issued based on Eagle Eye for P&W suppliers to introduce Part Marking 201 Training.

BACKGROUND

The Part Marking System Team at Pratt and Whitney is pleased to provide suppliers an online, in-depth four-hour training for those required to implement identification marking to PWA 310/PWA 79310. Two sessions are scheduled, one on September 20th followed by November 15th. See below for Zoom meeting information.

WHO SHOULD ATTEND

Those who prepare part marking work instructions and inspection plans.

WHAT WILL BE COVERED

This course will take the participant through the required marking elements of PWA 310/PWA 79310, common errors made and how to overcome them, the various allowable methods allowed for part identification, differences in the requirements for castings, castings machined all over, forgings, and bag & tag items for very small parts. The various part marking Eagle Eyes that have been issued over the last several years will also be part of the training and the services provided by the PWA Part Marking Cell shall be covered. There is no cost for this training.

HOW TO JOIN THE SESSIONS

Join either the September 20th or November 15th sessions with Zoom Meeting Information links below:
