QUALITY BULLETIN

Published by Pratt & Whitney Company in Poland

Dear Suppliers,

This Quality Bulletin is issued based on Eagle Eye for P&W suppliers to provide webinar and review of past two years released Eagle Eyes.

BACKGROUND

Since the beginning of the COVID-19 pandemic there has been a great turnover in the aerospace industry. The Pratt & Whitney supply chain was no exception to this happening. This turnover resulted in the loss of many experienced individuals who were well versed in the Eagle Eye publications sent out over the last two years as well as the hiring of many newer employees who may not be as familiar. The purpose of this Eagle Eye is to drive all PW suppliers to review the past two years of Eagle Eye publications and communicate to all the opportunity to attend an online webinar that will provide questions and answers of these publications.

SCHEDULE

- 1) December 15, 2022, from 6:00 PM – 7:00 PM U.S. Eastern Standard Time
- 2) December 16, 2022, from 9:00 AM – 10:00 AM U.S. Eastern Standard Time

WHO SHOULD ATTEND

Supplier associates required to understand the PW Eagle Eye communications flowed down.

WHAT WILL BE COVERED

A Question & Answer session covering the Eagle Eyes published to the PW supply chain over the last two years. This will cover areas such as Part Marking, FAI, Process Control, Compliance, and Requirements Interpretation.

EXPECTATION

Suppliers will assure that all pertinent personnel review the last two years of PW Eagle Eye publications. Bring your non-technical data related questions for the panel.
