# QUALITY BULLETIN

Published by Pratt & Whitney Company in Poland

**Dear Suppliers,**

This Quality Bulletin is issued based on Eagle Eye for P&W suppliers to introduce Part Marking 201 Training. **Additional sessions for 2023.**

## **BACKGROUND**

The Part Marking System Team at Pratt and Whitney is pleased to provide suppliers an online, in-depth four-hour training for those required to implement identification marking to PWA 310/PWA 79310. Four sessions are scheduled, see below invitations for Zoom meeting date and time information.

## **WHO SHOULD ATTEND**

Those who prepare part marking work instructions and inspection plans.

## **WHAT WILL BE COVERED**

This course will take the participant through the required marking elements of PWA 310/PWA 79310, common errors made and how to overcome them, the various allowable methods allowed for part identification, differences in the requirements for castings, castings machined all over, forgings, and bag & tag items for very small parts. The various part marking Eagle Eyes that have been issued over the last several years will also be part of the training and the services provided by the PWA Part Marking Cell shall be covered. There is no cost for this training.
